POINTS OF INTEREST:

This is a beautiful rural leg once you get off of BR 15. It ends at the covered bridge that is a landmark of the American Odyssey. Get your picture taken here!
No food available at the bridge.

This leg was named after running partner Neil Levin. Neil was whining after we named a leg for David Landau, so we gave him this to mollify him! His real claim to fame is that he came up with the Odyssey Oasis name. Thanks for that Neil!
